**FOR IMMEDIATE RELEASE**

## **DUNMORE introduces FastCert™ Solar Module Qualification Program to Accelerate New and Redesigned Solar Module Delivery to Market**

*FastCert™ helps manufacturers push products to market more quickly and cost-effectively.*

Bristol, PA (PRWEB) July 9, 2010 – DUNMORE Corporation introduces its FastCert™ Qualification Program for photovoltaic modules. The proprietary FastCert™ program streamlines the solar module development process from concept through qualification and on to production.

DUNMORE's FastCert™ program involves aspects of product management, UL certification and the supply of [PV backsheet materials](#). It can be used to effectively define milestones and advance projects with the least amount of time and cost possible. DUNMORE's experience in the photovoltaic arena combined with a rapid and efficient development process provides the environment necessary to expedite the solar module qualification process. Robin Kobren, Photovoltaic Team Leader at DUNMORE, says "Our years of PV development experience have enabled us to help guide several customers with product design, testing and the UL certification process."

*DUN-SOLAR™ photovoltaic backsheet*

DUNMORE has been providing photovoltaic solutions for over thirty years, and has engineered backsheet materials for solar arrays on satellites since the 1970s. The company has developed photovoltaic backsheets for nearly every existing solar technology—from solar concentrators to [thin film photovoltaic](#) and traditional PV modules. DUNMORE's industry-leading web handling expertise and technical knowledge position it to be **THE** top PV backsheet manufacturer across today's photovoltaic industry.

### **About DUNMORE**

DUNMORE Corporation is one of the world's top film converters and a leader in photovoltaic backsheets. DUNMORE also produces coated film, metallized film and laminated film substrates for the graphic arts, packaging, aerospace, insulation, surfacing and fashion industries. The company offers film conversion services such as coating, metallizing and laminating, along with contract film manufacturing. DUNMORE is privately held and ISO 9001:2008 certified.

For complete information on DUNMORE's FastCert™ Solar Module Qualification Program, visit us at **InterSolar** at the Moscone Center in San Francisco July 13-15 at booth 8353. We will be exhibiting our expanding line of DUN-SOLAR™ photovoltaic backsheets. For more information, please visit the DUNMORE website at [www.dunmore.com](http://www.dunmore.com) or contact:
