DUNMORE Nominated For Pennsylvania Governor Corbett's Impact Award

DUNMORE Corporation has been nominated for the 2013 PA Governor's Impact Awards for Pennsylvania companies who are creating jobs and making a difference in the Commonwealth. DUNMORE is being recognized for its global success in significantly increasing export sales and new foreign markets.

Bristol, PA, May 21, 2013 – DUNMORE Corporation has been nominated for the Governor's Impact Awards being held on Thursday, May 23rd, at the Hershey Lodge in Hershey, PA. The Governor's Impact Award is given to Pennsylvania companies who are creating jobs and making a difference in the Commonwealth. DUNMORE is among those companies also being recognized for its global success in significantly increasing export sales and the number of new foreign markets since 2010.

DUNMORE, headquartered in Bucks County, manufactures filmic products used in a diverse range of industries throughout the world. The company's global success comes, in part, from a dedicated international team that identifies and analyzes global opportunities. The international team frequently uses the services of the World Trade Center of Greater Philadelphia (WTCGP) to better understand and access opportunities in global markets.

"The WTCGP congratulates Dunmore for this prestigious nomination and for their global achievement. Dunmore Corporation's international success has enabled it to be recognized as an industry and global leader, contributing to economic growth in the region as a whole," said WTCGP President Linda Mysliwy Conlin. As the appointed export representative of the Commonwealth for exporting companies in Southeastern Pennsylvania, the WTCGP's experienced trade team is proud to have worked as a trusted partner in helping Dunmore increase their sales in the past two years in new markets in Europe, China, Brazil, Mexico, India and Taiwan, among others.

During this time, DUNMORE underwent a significant global expansion, in the form of two coater laminators to help support Fortune 100 companies using [coated films and foils](#) and [laminated films and foils](#).
